## Local Diving at it's best...

Our Instructors will lead you on a two day Open Water Diver certification weekend. The Dive Georgia Quarry is within two hours driving, has lots of fun, and is the perfect place to start your dive journey!

The weekend begins on Friday when you pick up your tanks and weights at The Dive Shop. Saturday morning you will meet at the quarry and start your certification dives! Sunday morning you will be diving again! By that afternoon, you will be certified as an Open Water Diver & if you dive just one more dive, you will be recognized as a Level 1 Open Water Diver! ( that's just 6 dives away from starting on your Level 3!)

If you are certified and just want to dive with us, let us know and we can make some awesome arrangements for you to dive with our dive pros!
