The journey begins...

If the local quarry scene is not up your alley, and diving in an exotic international location doesn't fit your time schedule, let us help you have a local'ish and incredibly fun dive experience in sunny Florida! Classes will be taught in the field, except Stress & Rescue which requires 2 nights of awesome pool exercises!

Our Instructors will lead you on a three day Master Diver certification weekend. The beautiful waters of Blue Grotto and Devil's Den are the perfect place to start you dive adventure!

Rooms are based on double occupancy and are located right there at the site. We will meet Thursday evening in Florida at the Blue Grotto Dive Resort. Friday morning, the fun begins. We dive Saturday & Sunday as well. Head back home that afternoon as a new member of the Master Diver Tribe! (as long as you have 50 dives!)
